My Profile My Page Help

**Membership > Managing Counterparties > Master Authorized Counterparty List**

This page allows you, as an authorized Counterparty Administrator, to create and edit your firm's Master Authorized Counterparty List. This list should include all of the InterCommercial Trading Member firms you may ever want to do business with. When submitting a particular physical Quote to InterCommercial, or sending us an e-mail with their contact information at [info@intercommercial.com](mailto:info@intercommercial.com), we'll send them membership information.

If you don't find a particular firm you'd like to trade with listed, please tell them about our introductory free membership period and encourage them to join InterCommercial, or send us an e-mail with their contact information at [info@intercommercial.com](mailto:info@intercommercial.com) and we'll send them membership information.

Please remember that in order to complete a transaction with another firm on InterCommercial, you must be on each other's Master Lists. If you would like your firm to be included in another member firm's Master List, you may contact that firm directly via the e-mail links in our Membership Directory, where you will also see which firms have included you in their Master Lists.

To ADD firms to your firm's Master Authorized Counterparty List:

1. Select a group of InterCommercial Trading Member firms to choose from by first making a selection from the "Firm Name" alphabetical dropdown list and/or the "Country" dropdown list below and clicking on the "Get Firm Names" button
2. In the left-hand box below click on the name of a firm you want to add to your Master List (you may select only one firm at a time). Many firms have similar names. If you are not sure about a firm, you can get more information about them in our Member Directory.

**Select By Counterparty Firm Name:**

**Membership > Managing Counterparties > Master Personal Counterparty Lists**

This page allows you to create, name, edit and delete Personal Counterparty lists (sub-lists of your firm's Master Authorized Counterparty List) for convenient use in creating new physical Buy and Sell Quotes and submitting informational Postings. For example, you may choose to create separate lists for buyers and sellers and for types of product, counterparty credit limits, volumes traded or geographical regions. Your Personal Counterparty Lists will appear on your screen just before final submission of a physical Quote to our system and can be edited at the last moment before submitting a particular Quote.

Your Personal Lists are based on your firm's Master Authorized Counterparty List. If you need a firm added to your Master List, please contact an authorized administrator at your firm. InterCommercial cannot make changes to your firm's list.

If you have not yet created any Personal Counterparty Lists, you will see only "Create" and "Remove" buttons below.
